To access the modules, follow these steps:

- Go to [https://dl.acgme.org/](https://dl.acgme.org/)
- Click “Create an Account” located in the menu at the top of the page and enter your information.
- Please note that each account is vetted by the ACGME and may take up to 2 business days to approve.
- Once approved, a confirmation email will be sent to you.
- Save your username/password for future use.

If you already have an account with Learn at ACGME and have forgotten your password, click “Log in” and follow the “Forgot Your Password” instructions.

Once into Learn at ACGME, there will be two ways to watch the Equity Matters modules:

**CME Learning Path**
The ACGME Equity Matters modules are CME accredited and these credits can be obtained by following the CME Learning Path. To receive CME credits, all the courses within one of the modules must be completed in their entirety.

**Video Library**
The Equity Matters Video Library houses all the individual components of the Equity Matters curriculum and is accessible to anyone in the medical education community. Viewers can watch at their own pace and no CME credit is provided for completion of the library’s resources.
